

Every interaction with someone matters to them. Take a moment to reflect. Could your behaviour be crossing boundaries and making them uncomfortable?

You look so different today—did you change your style? I mean, in a good way, of course!

Uh... thanks. I just... thought I'd try something new.

A casual conversation near the coffee machine.

So, the client presentation is ready. Shall we review it now?

Sure, as long as you don't get too bossy about it—women are known for that, right?"

A team meeting in a conference room.

You're doing great! You know, if you ever need to relax, we could always go back to my place.

I've been feeling stressed about the deadline. It's a lot to handle.

A one-on-one discussion about a project.

For a woman, you're good at problem solving.

What do you mean by for a woman.

A team brainstorming session
